RK10

In cooperation with a design office, **we created the RK10 from the idea to the development to the finished product.** Everything from one source - everything „Made in Germany“. ANKER relies on **clean workmanship, high-quality materials and modern design.**

The retrofit version allows you to easily use your existing hardware in the RK10. With the **cloud cash register software** from our subsidiary **LocaFox**, the RK10 becomes a **fully-fledged cash register system.** The RK10 comes fully assembled. The optional hardware components are inserted almost **without tools.**

- TABLET HOLDER**
- For Samsung Galaxy Tab A7, A8, S7, Apple iPad Air 4 (further variants in development)
 - Tilttable
 - Tablet can be exchanged without tools
 - Optional screw lock

- GRIP OPENING**
- For easy removal of the cover

- REPLACEABLE PRINTER COVER**
- For Epson TM-m30 series or Seiko RP-F10 receipt printer

- OPTIONAL CUT-OUT FOR CUSTOMER DISPLAY**
- Current for Epson DM-D30

- EXCHANGEABLE DESIGN COVER**
- With or without decorative element
