ANKER 

till.one

Your Point of Sale – always with you.

till.one mobile

Use your tablet as a checkout system!

Compact, strong, and maximum flexibility. Use your tablet as a fixed Point of Sale or as a mobile solution for consultation and sales in the hospitality, retail, or service sector. The lockable holder provides security, but without the usual restrictions of a common POS system.

Tablet holder

Easy to put on and remove. Stability through spring-mounted clamps. Designed for all common models.

Available for:

- Apple iPad
- Samsung Galaxy
- Microsoft Surface
- AAVA

Metal housing

With hidden cable duct on the back. Stable, elegant design suited to the Epson M30 printer.

Available in

-  RAL 7021 Dark grey
-  RAL 9016 Glossy white
-  RAL 9005 Glossy black

Highlights

- Modern design
- Compact, can be positioned anywhere
- Tablet easy to insert and remove
- Tablet tilt angle can be set individually by the user
- Holder including key lock
